What We Do

TEAM Systems offers solutions for many different vertical markets. As your complete cleaning source, we have the product and service that will help you achieve your goals

HEALTHCARE LAUNDRY - LIQUID PRODUCTS

ALKALI

LINEN SUPPLY ALKALI A blend of concentrated laundry alkaline builders designed to work with all **TEAM** detergents. It contains special chelating agents to combat hard water conditions, soil dispersants, suspending agents, and water conditioners. **LINEN SUPPLY ALKALI** can be used in a variety of water temperatures and is effective on a broad range of fabrics.

DETERGENTS

DIMENSION LAUNDRY DETERGENT is a high performance blend of anionic and non-ionic surfactants. It also contains a blend of enzymes and water chelating agents to handle hard water conditions. **DIMENSION LAUNDRY DETERGENT** works over a broad range of temperatures and fabrics.

CLEAN & BRIGHT DETERGENT An economical, light duty, biodegradable detergent. It is safe to use on all fabrics and controlled sudsing characteristics make this an ideal product for the newer, energy efficient front loading washers and top loaders.

LAUNDRY SUDS high sudsing, non-built laundry detergent with a moderate pH that has been formulated for light to medium soil applications.

BLEACHES

LIQUI-CHLOR BLEACH is highly concentrated chlorine based active destainer that is designed to remove stains and leave the fabric clean and sanitary. It contains 10% available chlorine. **LIQUI-CHLOR** is recommended for use on all classifications of white linen and is safe to use on cotton and synthetic fabrics.

SPECTRUM OXYGEN BLEACH is 10% peroxide bleach that is recommended for most washable fabrics and is safe for bleaching colored fabrics. **SPECTRUM** reduces color loss, reduces tensile strength loss and removes most stains. **SPECTRUM** reduces the need for a separate bleach operation and improves run times.

SOURS

IRON REMOVING SOUR A highly concentrated alkaline neutralizer with rust removing properties that is economical to use and contains no heavy metals. It helps prevent fabric yellowing and retards the build up of rust in fabrics sequesters iron found in the water supply. **IRON REMOVING SOUR** will not harm fabrics and is safe for both whites and colors.

LIQUID LAUNDRY SOUR Contains no heavy metals and is pH buffered as well as ecologically acceptable. **LIQUID LAUNDRY SOUR** effectively neutralizes alkalinity and is immediately soluble. It is an economical neutralizer for all colorfast washable items that prevents yellowing and actually improves the appearance of fabric.

SOFTENERS

SAN SOFT L is a bacteriostatic fabric softener that is EPA approved and will allow properly treated fabrics to develop residual self-sanitizing activity against Gram positive (*S.aureus*) and Gram negative (*E.coli*) organisms under conditions of high humidity or wet contamination.

SPECIAL SOFTENER imparts a smooth and soft finish to fabrics. It reduces static cling, shortens extraction times, shortens drying times, eliminates static electricity, improves handling, and eliminates excess alkalinity in the fabric while neutralizing the fabric for longer life and safer ironing. It has a pleasant spring fresh scent that leave fabrics smelling clean and fresh.

STARCH/SIZING

PERFORM powder starch is a superior starch. Its sizing attributes are unmatched for poly-cotton and all fabrics containing polyester. Ironing is simplified while streaking is minimized. Carry-over aids in a crisp fabric that lasts. **PERFORM** reduces press cleaning and maintenance.

HEALTHCARE LAUNDRY - LIQUID PRODUCTS- CONT.

SPECIALTIES

POG is the all purpose paint, oil, and grease remover used for dry cleaning. It removes paint, varnish, grease, shoe polish, tar, and salad oils. **POG** is effective on many other hard to remove stains.

ODOR-X is a highly active, general purpose odor counteractant, not an odor masker. It has been especially formulated to remove smoke and other strong odors from garments. It has a pleasant floral fragrance.

SPOTTER AND STAIN REMOVER is a biodegradable blend of nonionic surfactants that contain no solvents or phosphate. **SPOTTER AND STAIN REMOVER** has excellent emulsifiers that are designed to remove most organic stains. It can be used in spot treatments and stain loads.

SPOTTER AND STAIN REMOVER is effective against grease, oil, coffee, catsup, flood, blood and grime.

SPECIALTIES

LINEN RESCUE A stain recovery kit formulated to recover badly stained linen items and return them to usable linen inventory. **LINEN RESCUE** is especially effective of those linen items that have been stained by medical agents containing chlorohexidene gluconate, such as hibiclens and chloraprep. These stains can be identified as orange or brown stains that are not responsive to conventional stain treatment formulas.

D/D-4535 is a phosphate free formulation designed to provide effective cleaning, deodorizing and disinfection specifically for facilities where good housekeeping practices are of prime importance in controlling the hazard of cross contamination. When used properly **D/D-4535** provides both general cleaning and disinfecting of inanimate hard surfaces. **D/D-4535** deodorizes areas such as garbage bins, cans, toilet bowls and other areas that are prone to odors caused by microorganisms. It is extremely effective as and cart washer. **D/D-4535** has a mild mint fragrance and is EPA registered.

LEMON QUAT has a pleasant fresh lemon scent and is recommended for use in hard surface cleaning where odors are a problem. **LEMON QUAT** works as both a quaternary cleaner and a deodorant.
