What We Do

TEAM Systems offers solutions for many different vertical markets. As your complete cleaning source, we have the product and service that will help you achieve your goals

INDUSTRIAL LAUNDRY - LIQUID PRODUCTS

ALKALI

LINEN SUPPLY ALKALI A blend of concentrated laundry alkaline builders designed to work with all **TEAM** detergents. It contains special chelating agents to combat hard water conditions, soil dispersants, suspending agents, and water conditioners. **LINEN SUPPLY ALKALI** can be used in a variety of water temperatures and is effective on a broad range of fabrics.

DETERGENTS

DIMENSION LAUNDRY DETERGENT is a high performance blend of anionic and non-ionic surfactants. It also contains a blend of enzymes and water chelating agents to handle hard water conditions. **DIMENSION LAUNDRY DETERGENT** works over a broad range of temperatures and fabrics.

DYNAMITE PLUS DETERGENT is a high performance detergent and emulsifier. It contains a special blend of high performance surfactants that is especially effective on greasy soils and other hard to clean fabrics. It can be used on walk off mats with excellent results.

LINEN SUPPLY DETERGENT A super concentrated laundry detergent. This product contains a combination of nonionic and anionic surfactants and powerful dispersants that will emulsify and suspend soils in liquid laundry systems. Contains optical brighteners and leaves no alkaline residue in clothes.

SOUR

IRON REMOVING SOUR A highly concentrated alkaline neutralizer with rust removing properties that is economical to use and contains no heavy metals. It helps prevent fabric yellowing and retards the build up of rust in fabrics sequesters iron found in the water supply.

IRON REMOVING SOUR will not harm fabrics and is safe for both whites and colors.

BLEACHES

LIQUI-CHLOR BLEACH is highly concentrated chlorine based active destainer that is designed to remove stains and leave the fabric clean and sanitary. It contains 10% available chlorine. **LIQUI-CHLOR** is recommended for use on all classifications of white linen and is safe to use on cotton and synthetic fabrics.

SPECTRUM OXYGEN BLEACH is 10% peroxide bleach that is recommended for most washable fabrics and is safe for bleaching colored fabrics. **SPECTRUM** reduces color loss, reduces tensile strength loss and removes most stains. **SPECTRUM** reduces the need for a separate bleach operation and improves run times.

STARCH/SIZING

PERFORM powder starch is a superior starch. Its sizing attributes are unmatched for poly-cotton and all fabrics containing polyester. Ironing is simplified while streaking is minimized. Carry-over aids in a crisp fabric that lasts. **PERFORM** reduces press cleaning and maintenance.

STATUS liquid sizing features a special blend of pva that has been especially formulated for sizing polyester and polyester cotton blend fabrics. **STATUS** keeps garments looking new and reduces both stain and soil build-up. It is effective on all soil classifications.

TOP VALUE is TEAM's newest general-purpose starch. It works for all applications. It is the instant starch that gives cooked starch performance without cooking. **TOP VALUE** contains lubricant and is recommended for both table linens and shirts.

INDUSTRIAL LAUNDRY - LIQUID PRODUCTS- CONT.

SOFTENERS

SPECIAL SOFTENER imparts a smooth and soft finish to fabrics. It reduces static cling, shortens extraction time and shortens drying times. It has a pleasant spring fresh scent that leave fabrics smelling clean and fresh. **SPECIAL SOFTENER** eliminates static electricity, improves handling, and eliminates excess alkalinity in the fabric while neutralizing the fabric for longer life and safer ironing.

TEAM SOFTENER A concentrated softener used in automated dispensing systems. The viscosity has been controlled to allow uniform dispensing. The unique composition makes it practically impossible to water proof clothes. The citrus odor leaves a fresh scent in the washed clothes.

SPECIALTIES

TEAM COLLAR & CUFF is an effective, highly versatile all purpose stain remover. **TEAM COLLAR & CUFF** can be used both as a pre-spotting agent for wet cleaning and as an additive for cold washing to help remove oils.

POG is the all purpose paint, oil, and grease remover used for dry cleaning. It removes paint, varnish, grease, shoe polish, tar, and salad oils. **POG** is effective on many other hard to remove stains.

ODOR-X is a highly active, general purpose odor counteractant, not an odor masker. It has been especially formulated to remove smoke and other strong odors from garments. It has a pleasant floral fragrance.

SPOTTER AND STAIN REMOVER is a biodegradable blend of nonionic surfactants that contain no solvents or phosphate. **SPOTTER AND STAIN REMOVER** has excellent emulsifiers that are designed to remove most organic stains. It can be used in spot treatments and stain loads. **SPOTTER AND STAIN REMOVER** is effective against grease, oil, coffee, catsup, flood, blood and grime.

GPC is an all purpose detergent and degreaser that has a medium pH range and is USDA approved.

SPECIALTIES

POLY PHOS Sequesters iron in solution and prevents its precipitation. Particularly useful in laundry applications for the prevention of iron spotting. Since **POLY PHOS** is made from all food grade materials, it may be metered directly into laundry water supply.

CITRUS SOLVENT is an effective biodegradable and environmentally safe cleaner that is exceptional for the removal of animal fat and petroleum based soils. It leaves a citrus smell that aids in deodorizing.

INDUSTRIAL DG is a high performance blend of surfactants designed as an additive to remove greasy soils when used in conjunction with TEAM liquid laundry products.

SPOT ALL is an effective, highly versatile, all purpose stain remover. The product can be used both as a pre-spotting agent for wet-cleaning and as an additive for washing to assist in removing oil, grease, and ground in soil.

SPOTTER AND STAIN REMOVER is a biodegradable blend of nonionic surfactants that contain no solvents or phosphate. **SPOTTER AND STAIN REMOVER** has excellent emulsifiers that are designed to remove most organic stains. It can be used in spot treatments and stain loads. **SPOTTER AND STAIN REMOVER** is effective against grease, oil, coffee, catsup, flood, blood and grime.

LINEN RESCUE A stain recovery kit formulated to recover badly stained linen items and return them to usable linen inventory. **LINEN RESCUE** is especially effective of those linen items that have been stained by medical agents containing chlorohexidene gluconate, such as hibiclens and chloraprep. These stains can be identified as orange or brown stains that are not responsive to conventional stain treatment formulas.
