What We Do

TEAM Systems offers solutions for many different vertical markets. As your complete cleaning source, we have the product and service that will help you achieve your goals

RETAIL/SHIRT LAUNDRY - LIQUID PRODUCTS

DETERGENTS

LIQUID LAUNDRY DETERGENT A concentrated laundry detergent. This product contains a carefully selected combination of surfactants, brighteners and anti-soil deposition agents. It is completely soluble, effective on most soil classifications and economical to use when used with a TEAM liquid alkali. **LIQUID LAUNDRY DETERGENT** is highly effective on heavy soils.

LINEN SUPPLY DETERGENT A super concentrated laundry detergent. This product contains a combination of nonionic and anionic surfactants and powerful dispersants that will emulsify and suspend soils in liquid laundry systems. Contains optical brighteners and leaves no alkaline residue in clothes.

CLEAN & BRIGHT DETERGENT An economical, light duty, biodegradable detergent. It is safe to use on all fabrics and controlled sudsing characteristics make this an ideal product for the newer, energy efficient front loading washers and top loaders.

DYNAMITE PLUS DETERGENT is a high performance detergent and emulsifier. It contains a special blend of high performance surfactants that is especially effective on greasy soils and other hard to clean fabrics. It can be used on walk off mats with excellent results.

WET CLEAN DETERGENT represents a breakthrough in Wet-Cleaning innovation chemistry. **WET CLEAN DETERGENT** performs on the "acid" side, thereby preventing dye loss on garments labeled "Dry Clean Only". Low pH washing also reduces rising and reduces utilities and formula wash times. **WET CLEAN DETERGENT** does an outstanding job of removing smoke and soot from garments when used in a pre-wash operation. When you need a state of the art, pH controlled product that is designed for wet cleaning wools, silks and fine fabrics, you need **WET CLEAN DETERGENT**.

WET CLEAN CONDITIONER is a finishing agent for laundry and wet-cleaning applications where fabrics require a more relaxed and softer hand. **WET CLEAN CONDITIONER** also improves stain resistance, reduces static and pressing time.

ALKALI

LIQUID LAUNDRY ALKALI II Contains chelating agents, water conditioners, proprietary orthosilicate, soil suspending agents and fabric brighteners. **ALKALI II** emulsifies fats and greasy oils. It performs efficiently on a broad range of fabrics and range of temperatures. **ALKALI II** possesses excellent soil suspension, prevents soil redeposition and prevents graying.

BLEACH

SPECTRUM OXYGEN BLEACH is 10% peroxide bleach that is recommended for most washable fabrics and is safe for bleaching colored fabrics. **SPECTRUM** reduces color loss, reduces tensile strength loss and removes most stains. **SPECTRUM** reduces the need for a separate bleach operation and improves run times.

SOURS

BUFFERED SOUR A pH buffered sour that contains no heavy metals and is ecologically acceptable. It is designed to reduce pH shock to fabrics and to maximize garment life. It is especially suited for all shirt laundry applications and is compatible with all TEAM liquid injection systems.

LIQUID LAUNDRY SOUR Contains no heavy metals and is pH buffered as well as ecologically acceptable. **LIQUID LAUNDRY SOUR** effectively neutralizes alkalinity and is immediately soluble. It is an economical neutralizer for all colorfast washable items that prevents yellowing and actually improves the appearance of fabric.

SOFTENER

SPECIAL SOFTENER imparts a smooth and soft finish to fabrics. It reduces static cling, shortens extraction time and shortens drying times. It has a pleasant spring fresh scent that leave fabrics smelling clean and fresh. **SPECIAL SOFTENER** eliminates static electricity, improves handling, and eliminates excess alkalinity in the fabric while neutralizing the fabric for longer life and safer ironing.

RETAIL/SHIRT LAUNDRY - LIQUID PRODUCTS- CONT.

STARCH/SIZING

STATUS liquid sizing features a special blend of pva that has been especially formulated for sizing polyester and polyester cotton blend fabrics. **STATUS** keeps garments looking new and reduces both stain and soil build-up. It is effective on all soil classifications.

TX STAR liquid starch combines state of the art sizing and an affordable price. It quickly dissolves and penetrates into fabric fibers evenly, allowing less streaking and stiffer fabrics in all temperatures. **TX STAR** keeps garments looking like new.

PERFORM powder starch is a superior starch. Its sizing attributes are unmatched for poly-cotton and all fabrics containing polyester. Ironing is simplified while streaking is minimized. Carry-over aids in a crisp fabric that lasts. **PERFORM** reduces press cleaning and maintenance.

TEAM TX is a multi-dimensional, milled starch with PVA. It works exceptionally well in reduced temperatures. This starch gives a crisp, neat appearance to cotton and blended garments. **TEAM TX** penetrates fabrics quickly and reduces run times.

CLEAR STAR starch is a granulated starch for dry wheel application. It is ready to use, dissolves quickly and penetrates deeply. The perfect product with minimal expense, **CLEAR STAR** gives the slick, smooth finish that denotes quality.

PRESTAR starch is a premium quality blend of starch and PVA. Gives excellent quality and reduces reruns. **PRESTAR** produces crisp cotton and sharp polyester garments, and is ideal for jeans and other heavy starch applications.

TOP VALUE is TEAM's newest general-purpose starch. It works for all applications. It is the instant starch that gives cooked starch performance without cooking. **TOP VALUE** contains lubricant and is recommended for both table linens and shirts.

BASIC II is a corn based cook starch that is especially formulated for all cooker systems. Low cost and high-performance continue to allow this product to remain a must for cook starch operators. This product allows quick absorption and low clumping in all temperatures.

SPECIALTIES

TEAM COLLAR & CUFF is an effective, highly versatile all purpose stain remover. **TEAM COLLAR & CUFF** can be used both as a pre-spotting agent for wet cleaning and as an additive for cold washing to help remove oils.

POG is the all purpose paint, oil, and grease remover used for dry cleaning. It removes paint, varnish, grease, shoe polish, tar, and salad oils. **POG** is effective on many other hard to remove stains.

ODOR-X is a highly active, general purpose odor counteractant, not an odor masker. It has been especially formulated to remove smoke and other strong odors from garments. It has a pleasant floral fragrance.

INDUSTRIAL DG is a high performance blend of surfactants designed as an additive to remove greasy soils when used in conjunction with TEAM liquid laundry products.

SPOTTER AND STAIN REMOVER is a biodegradable blend of nonionic surfactants that contain no solvents or phosphate. **SPOTTER AND STAIN REMOVER** has excellent emulsifiers that are designed to remove most organic stains. It can be used in spot treatments and stain loads. **SPOTTER AND STAIN REMOVER** is effective against grease, oil, coffee, catsup, flood, blood and grime.

SPOT ALL is an effective, highly versatile, all purpose stain remover. The product can be used both as a pre-spotting agent for wet-cleaning and as an additive for washing to assist in removing oil, grease, and ground in soil.
