What We Do

TEAM Systems offers solutions for many different vertical markets. As your complete cleaning source, we have the product and service that will help you achieve your goals

RETAIL/SHIRT LAUNDRY - POWDERED PRODUCTS

DETERGENTS

BUILT DETERGENT III A caustic built detergent with soil dispersants and brighteners. It is moderately priced.

DEFENDER DETERGENT: A complete one shot detergent that is effective in both hard and soft water conditions. **DEFENDER** contains high performance surfactants and emulsifiers as well as optical brighteners and special agents to prevent oil redeposition. Its low alkalinity protects fabric life and reduces rinsing operations. **DEFENDER** may be used on colored and white polyesters, cottons and blends.

XL PLUS DETERGENT is a complete one shot detergent that has been blended with oxygen bleach, optical brighteners, emulsifiers, high performance surfactants and enzymes. **XL PLUS** is effective in both hard and soft water conditions. It offers low alkalinity and superior detergency while protecting fabric life and removing stubborn stains. It is safe on colored and white polyesters, cottons and blends.

META BUILT II A metasilicate built powdered detergent with surfactants, dispersants and water conditioners. **META BUILT II** does not contain caustic alkalis, but has the ability to saponify greasy soils and disperse soil residues. **META BUILT II** is an excellent grease remover.

N-CHARGE DETERGENT An exciting new detergent with high performance surfactants, soil suspenders, blended enzymes and color safe percarbonate bleach. The special water chelating agents have been added to maximize performance at reduced temperatures and in extreme water conditions.

NEW CLEAN III An economical powdered laundry detergent for use in top loaders by commercial and institutional laundries. It has good foam control properties and has excellent rinsing properties.

OPTI-BRITE is a high quality phosphated top load laundry detergent with soil dispersants and brighteners. **OPTI-BRITE** is a good cleaner at all temperatures and at low concentrations. Due to the amount and power of the optical brightening system this product produces brilliant colors and bright whites. Bleaching is seldom necessary with the regular use of **OPTI-BRITE**. This is our best all-in-one powdered laundry detergent.

KEEP IT KLEAN is a non-caustic, powdered, mildly built product laundry detergent that contains ingredients for water conditioning and oily stain removal. It is effective for washing colored shirts in warm to cool water temperatures and for white shirts in high temperature applications in conjunction with separate bleach.

ALKALI

AVENGER POWDERED LAUNDRY BUILDER Added to break down heavy grease loads such as kitchen towels, shop towels and industrial uniforms.

BLEACHES

CHLOR 10 BLEACH is dry powdered chlorine based bleach with 10% active chlorine and is recommended for use in most laundry applications. Contains excellent stain removal properties and is safe to use on cotton and synthetic fabrics. USDA B1 approved.

COLORBRIGHT OXYGEN BLEACH: Recommended for most washable fabrics. It may be used to remove stains on many colored polyester-cotton fabrics which can be damaged by chlorine bleach. **COLORBRIGHT** is free flowing and dissolves completely. It eliminates chlorine yellowing, pin-holing and accidental spill damage. **COLORBRIGHT** reduces tensile strength loss and eliminates the need for a separate bleach operation.

SOURS

POWDERED SOUR A concentrated acid neutralizer and anti-yellowing agent that effectively neutralizes alkalinity and dissolves immediately. It is an economical neutralizer for all colorfast washable fabrics that prevents yellowing and actually improves the appearance of fabric. **POWDERED SOUR** is effective in low water levels and at reduced temperatures.

MAGNET IRON REMOVING SOUR An acid based neutralizer with iron removing properties. This product does not contain fluorides or hydrofluoric acid. It is designed to remove iron oxide deposits from fabrics and is highly effective in reclamation/stain formulas. **MAGNET** prevents and removes red spots, brightens yellowing linen and reduces pH to prevent browning when linens are ironed.

RETAIL/SHIRT LAUNDRY - POWDERED PRODUCTS- CONT.

SOFTENER

POWDERED SOFTENER A quaternary softener with a pleasant scent. This concentrated fabric softener/conditioner is designed for use in the rinse phase of laundry systems. It reduces wrinkles, eliminates static electricity and speeds up the drying time leaving a soft feel and fresh smell.

STARCH/SIZING

STATUS liquid sizing features a special blend of pva that has been especially formulated for sizing polyester and polyester cotton blend fabrics. **STATUS** keeps garments looking new and reduces both stain and soil build-up. It is effective on all soil classifications.

TX STAR liquid starch combines state of the art sizing and an affordable price. It quickly dissolves and penetrates into fabric fibers evenly, allowing less streaking and stiffer fabrics in all temperatures. **TX STAR** keeps garments looking like new.

PERFORM powder starch is a superior starch. Its sizing attributes are unmatched for poly-cotton and all fabrics containing polyester. Ironing is simplified while streaking is minimized. Carry-over aids in a crisp fabric that lasts. **PERFORM** reduces press cleaning and maintenance.

TEAM TX is a multi-dimensional, milled starch with PVA. It works exceptionally well in reduced temperatures. This starch gives a crisp, neat appearance to cotton and blended garments. **TEAM TX** penetrates fabrics quickly and reduces run times.

CLEAR STAR starch is a granulated starch for dry wheel application. It is ready to use, dissolves quickly and penetrates deeply. The perfect product with minimal expense, **CLEAR STAR** gives the slick, smooth finish that denotes quality.

PRESTAR starch is a premium quality blend of starch and PVA. Gives excellent quality and reduces reruns. **PRESTAR** produces crisp cotton and sharp polyester garments, and is ideal for jeans and other heavy starch applications.

TOP VALUE is TEAM's newest general-purpose starch. It works for all applications. It is the instant starch that gives cooked starch performance without cooking. **TOP VALUE** contains lubricant and is recommended for both table linens and shirts.

BASIC II is a corn based cook starch that is especially formulated for all cooker systems. Low cost and high-performance continue to allow this product to remain a must for cook starch operators. This product allows quick absorption and low clumping in all temperatures.

SPECIALTIES

TEAM COLLAR & CUFF is an effective, highly versatile all purpose stain remover. **TEAM COLLAR & CUFF** can be used both as a pre-spotting agent for wet cleaning and as an additive for cold washing to help remove oils.

POG is the all purpose paint, oil, and grease remover used for dry cleaning. It removes paint, varnish, grease, shoe polish, tar, and salad oils. **POG** is effective on many other hard to remove stains.

ODOR-X is a highly active, general purpose odor counteractant, not an odor masker. It has been especially formulated to remove smoke and other strong odors from garments. It has a pleasant floral fragrance.

INDUSTRIAL DG is a high performance blend of surfactants designed as an additive to remove greasy soils when used in conjunction with TEAM liquid laundry products.

SPOTTER AND STAIN REMOVER is a biodegradable blend of nonionic surfactants that contain no solvents or phosphate. **SPOTTER AND STAIN REMOVER** has excellent emulsifiers that are designed to remove most organic stains. It can be used in spot treatments and stain loads. **SPOTTER AND STAIN REMOVER** is effective against grease, oil, coffee, catsup, flood, blood and grime.

SPOT ALL is an effective, highly versatile, all purpose stain remover. The product can be used both as a pre-spotting agent for wet-cleaning and as an additive for washing to assist in removing oil, grease, and ground in soil.
